Subject: [External] Protest against Palmetto Utilities 2019-2020 Rate Increase

Please do not allow Palmetto Utilities to raise their sewer rate of \$52.10/month to \$66.00/month. This is high enough!

Thank you.

Subject: [External] Proposed Sewer Rate Increase

I believe that the new proposed price increase is completely ludicrous, as our rates were doubled one and a half years ago.. And now they propose another increase of more than 30%. And they also state that would consider a phase in approach to limit our immediate impact. If apparently they know that an increase is not really needed at this time, why put an extra burden on their customers. Our daughter and family have sewer service from the city of Columbia, and their rates have been stable for a considerable amount of time. The rate of the population increase in Richland County means that the amount of housing is also increasing. This should offset any price increase because of the amount of new customers being serviced. I also believe that they should set up several area meetings instead of one meeting where a limited amount of customers can attend.
